

GLEN MEADOWS PARK-

This Park is one of the Village of Hamburg's best-kept secrets. This 20.04 acre area is the most extensive lot of park space in the village, located off Oak Hill Drive in the "Chapel Glen" sub-division on the west side of the Village. Currently about 17 acres is developed and maintained. The park does have a sizeable picnic shelter, 2 softball fields (1 lighted) and 2 recently renovated tennis courts, as well as a half dozen pieces of playground apparatus. The area also houses the Departments Parks Maintenance Building (a double bay 'Butler" style building). A bike path connects the two parking lots and grass volleyball and badminton courts are also available.

Also available to the public is a large composting facility located right on site.

Glen Meadows Shelter and Playground Apparatus.

Smaller playground apparatus and tennis courts.

Shelter and swings.
