Independent Auditor's Report

Honorable Village Board
Village of Hamburg
Hamburg, New York

Report on the Financial Statements

We have audited the accompanying balance sheets of the Village of Hamburg, New York Department of Municipal Court as of May 31, 2018 and 2017 and the related statements of receipts, disbursements and changes in cash balances for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion.

As described in Note 1 to the financial statements, these financial statements are prepared on the cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Village of Hamburg, New York Department of Municipal Court as of May 31, 2018 and 2017 and their receipts, disbursements and changes in cash balances for the years then ended in conformity with the basis of accounting described in Note 1.
